Flow Switch with Probe for high flow

i Technical features

- Wide internal passages to prevent accumulation of dirt and piston failure

Max. Voltage	Max. switch capacity	Max. Curr.	Cable length		Electrical insulation
			mm	in	
230 V	60 VA	3 A	1250	49	IP55

Part No	Inlet	Outlet	Rated pressure		Min. flow rate level position		Min. flow rate standing position		Max. flow rate for use in pump delivery		Max. flow rate for use in pump intake		Max. working temperature
